

[Enagic Brings Health To The World](#)

Hello eco-conscious water drinkers. **I am Bruce Douglas, an independent Enagic distributor.** I have my own Kangen healthy water business and work in the Denver Metro area.

Enagic manufactures Kangen water ionizer and filtration machines. [Kangen water machines](#) filter your tap water to produce ionized alkaline and acidic waters through electrolysis. The in-home Kangen water machine is perfect for Denver folks who value pure, delicious water.

In addition to improving personal wellness, improving our local environment is important to me. Today we focus on Enagic's commitment to the environment here in Colorado and internationally.

Enagic promotes 'True Health To The World':

We work to secure materials with a low environmental load.

We reduce, reuse and recycle waste.

We work to conserve natural resources and achieve energy-saving efficiency.

We observe the international laws, regulations and standards with regard to the environment.

We train our employees on environmental responsibility.

Would you like to represent a respected company that is aligned with your values of personal and environmental health? I recommend Enagic, an organization you can feel good about!

If a **Kangen Water home based business opportunity sounds interesting to you**, call me today to set up an informal discussion. Take a quick look, You'll be glad you did !
