## Health Experts Agree

Doctors and Experts worldwide document the effect of alkaline, ionized water on health and wellbeing.

"The time to fix the barn is before the cow is dead ... consuming hexagonal water results in a general slowing of the aging process."

Dr. Mu Shik Jhon, Author

## Are You Overly-Acidic?

When your cells, tissues, and interstitial fluids (inner sea) are overly-acidic, you are more likely to experience the following effects:

- Tire easily and become fatigued
- Find it more difficult to think clearly (brain fog)
- Develop a pessimistic outlook on life
- Retain toxins and heavy metals
- Lack the energy and vital spark to achieve your goals
- More frequent colds, flu, allergies and respiratory ailments
- Experience stiffness, joint pain and arthritis
- Experience chronic fatigue, chemical sensitivities or fibromyalgia
- Experience chronic long-term medical problems: high blood pressure, cancer, heart disease, diabetes, or inflammation

### Symptoms of Chronic Over-Acidity

Acid reflux	Joint pain
Weight gain	Memory loss
Headaches	Fatigue
Muscle aches	Frequent colds
Depression	Chronic infection
Allergies	↑ Blood sugar

### A Growing Market

A growing population aged 50 and older are experiencing health issues that go along with aging and chronic over-acidity.

## Not All Water Is Created Equal

Are you drinking water that supports wellness, or water that is aging you with acid? Kangen Water is produced through ionization, which alters its structure and characteristics to make it more supportive of wellness.

- Ionization lowers the electrical charge (mV) of the water, creating a negative oxidation reduction potential (ORP) which makes it a potent anti-oxidant.
- Ionization creates hexagonal water clusters that are smaller and more easily absorbed by the body and deeply hydrates the cells.
- Ionization alters the hertz frequencies to aid in removing acids through the kidneys, lymph, bowel and skin.
- In the body, hexagonal water changes cell membrane electrical potential which improves the exchange of fluids and removal of waste.
- Ionization infuses water with abundant free electrons, providing a way for the body to neutralize and excrete toxins.

Kangen is Japanese for "Return to Origin." Kangen Water is a trademark of Enagic USA, Inc. In order to be called Kangen, water must be alkaline, micro-clustered (hexagonal structure), pure, and have a high negative ORP, or oxidation-reduction potential. Kangen Water has been used for more than 30 years in over one hundred hospitals and medical clinics in Japan for its scientifically documented health benefits, and is approved as a medical device there.

## Four Good Reasons To Drink Kangen Water®

1

### Increase Hydration

The process of ionization reduces the size of the water cluster by two-thirds and creates a hexagonal shape. Smaller, hexagonal water clusters easily hydrate the cells, enhancing waste removal.

2

### Balance Body pH

Kangen Water raises tap water pH by ionizing or splitting the water molecule (H<sub>2</sub>O) resulting in the ions H<sup>+</sup> (hydrogen with a positive electrical charge), and OH<sup>-</sup> (hydroxyl with a negative electrical charge), as well as ionic alkaline minerals.

3

### Increase Blood Oxygenation

Strong, fresh Kangen Water contains an abundance of hydroxyl ions (OH<sup>-</sup>) which donate free electrons to unstable oxygen free radicals, resulting in stable oxygen molecules. According to experts, drinking Kangen Water regularly will increase the amount of dissolved oxygen in the blood.

4

### Neutralize Free Radicals

Kangen Water provides extra electrons that neutralize destructive free radicals circulating throughout the body. Kangen Water carries a high negative ORP (Oxidation-Reduction Potential) when it is first produced, making it a potent anti-oxidant.

## The Magic of Enagic

Everyone who purchases a water ionizer is qualified to make referrals and receive commission checks. The commission structure is so unique it is patented. Commissions are substantial and increase progressively as you and your team sell more units. Enagic rewards those who are serious about making a full time income without penalizing the person who makes an occasional referral – they never lose their position and get paid based on the position they have obtained.

"This is an amazing business. Share the water, enjoy the benefits, get the checks! Allow the How™ - it's simple!"

*Toni Banks - Author, Allow the How*

"When I saw how my wife was getting several checks a month doing this part-time, I quit my insurance sales job and shortly made more money in three months than I used to make in a year!"

*Brian Phillips - Sales Professional*

## What the Experts Say

According to peer reviewed scientific studies that have been performed in well respected universities and hospitals around the world, drinking Kangen water can:

- Release excess body fat and stored toxins
- Normalize blood sugar and insulin
- Normalize blood pressure
- Support healthy colon function
- Resolve urinary tract infections
- Stop abnormal gastro-intestinal putrefaction
- Reduce proliferation of candida and fungus
- Reduce chronic pain

"I think drinking Kangen Water is the most important thing someone can do for their health."
